TREATING TRAUMA

QT/BIPOC EQUITY FUND

THANK YOU FOR REACHING OUT!

The QT/BIPOC equity fund is offered with the intention to strengthen ability to learn and share palpatory skills in the communities they are connected to and serve in. As instructors, we are committed to building equity-based access within our own health practices and in-person courses.

At this time, the fund sponsors a select number of spaces for the Optimal Brain course. The QT/BIPOC Equity fund for the Optimal Brain course is a sliding scale (\$500 - \$900). If you are selected, we do not require proof of income or economic status. Please note, Keagha is not a part of the selection process. The committee that reviews the applications is composed of QT/BIPOC colleagues.

We hold your integrity and lived experience with reverence. Therefore, we intentionally ask minimal questions.

Name

Pronoun/s

Email

How do you identify?

What is your current work/occupation?

Please share how you intend to utilize the skills acquired from the Optimal Brain course

You can expect to receive a response by March 29th.

The Brain Brigade,
Keagha and Marisa
